

Dr. V. Namratha, M.Sc., Ph.D.

Assistant Professor in Organic Chemistry

Head, Department of Chemistry

Mobile: +91 9492115971

Email: namrathav1968@gmail.com

Dr. Namratha, Assistant Professor at Department of Chemistry, University College of Science, since 2009, has 15 years of teaching and 09 years of research experiences. She did her M.Sc. from NIT Warangal (1991) and received her Ph.D. degree from Kakatiya University, Warangal in 2006. Main area of research interest is in the field of Natural products, which includes isolation, phytochemical investigation of some medicinal plants for discovering new lead molecules. Her research mainly focuses on isolation, structure determination of flavonoid class of compounds from plants and screening for anti-cancer and hepato protective activities. She has authored about 15 National and International publications. She also attended several conferences and seminars presented research work. Earlier, she served as Principal, UCSc, and Chairperson, Board of Studies Chemistry. Presently, she is acting as Head, Department of Chemistry, Satavahana University, Karimnagar. She is supervising two research scholars for their Ph.D. degree.
